

Oxley Creek Transformation – Background reports and technical studies

The Oxley Creek Transformation Master Plan was largely informed by a compilation of existing reports and technical studies, including a number of publicly available documents listed below.

Brisbane City Council

- Brisbane City Plan 2014 <http://eplan.brisbane.qld.gov.au/>, including:
 - Interactive mapping – Airport environs overlay
 - Interactive mapping – Bicycle network overlay
 - Interactive mapping – Biodiversity areas overlay
 - Interactive mapping – Bushfire overlay
 - Interactive mapping – Critical infrastructure and movement network overlay
 - Interactive mapping – Flood overlay
 - Interactive mapping – Potential and actual acid sulphate soils overlay
 - Interactive mapping – Regional infrastructure corridors and substations overlay
 - Interactive mapping – Road hierarchy overlay
 - Interactive mapping – Streetscape hierarchy overlay
 - Interactive mapping – Waterway corridors overlay
 - Interactive mapping – Wetland overlay
 - Neighbourhood Plans – Lower Oxley Creek south
 - Neighbourhood Plans – Lower Oxley Creek north
 - Neighbourhood Plans – Sherwood-Graceville District
 - Neighbourhood Plans – Darra-Oxley District
 - Neighbourhood Plans – Acacia Ridge-Archerfield
 - Neighbourhood Plans – Western Gateway
 - Neighbourhood Plans – Willawong
 - Interactive mapping – Zoning
 - Interactive mapping – Local Government Infrastructure Plan

- Flood Studies – Council has completed the following flood studies:
 - Moolabin/Rocky Water Holes creeks
 - Oxley Creek
 - Sheep Station Gully Creek
 - Stable Swamp Creek

These studies have been implemented into Council's FloodWise Property Reports, the Flood Overlay map in Brisbane City Plan 2014 and the Flood Awareness Map. Hard copies of the flood studies are available for viewing in the Brisbane Square Library. Contact Council to request a copy of a report.
